## Promoting Regulatory Action by Governments to Phase out Lead in Paint

### Regional Workshop for Latin America and the Caribbean region <sup>1</sup>

12-13 June 2019

Panama City, Panama

Concept Note and Agenda

#### BACKGROUND:

Lead is a cumulative toxicant that poses serious risks to human health and development, with children being especially vulnerable. Lead-containing paint remains one of the major sources of lead exposure for children globally and was identified as one of the international Emerging Policy Issues of focus by Strategic Approach for International Chemicals Management (SAICM). Since then, the international community, governments, industry and nongovernmental organizations have been working together to promote the establishment of lead paint laws in all countries. In 2009, the second SAICM International Conference on Chemicals Management policy framework endorsed the establishment of the Global Alliance to Eliminate Lead Paint (or Lead Paint Alliance). UN Environment and WHO serve as the joint Secretariat for this partnership and the US Environmental Protection Agency is the Chair of the Alliance Advisory Council. The goal of the Lead Paint Alliance is to phase out the manufacture, import and sale of paints containing lead and eventually to eliminate the risks from such paint. To achieve this goal globally, the Lead Paint Alliance is encouraging countries to eliminate lead in new paints by establishing and enforcing lead paint laws. The strategic target of the Alliance is for all countries to have effective lead paint laws in place by the year 2020. To help countries develop laws, the Alliance has developed on-line tools and partners of the Alliance are available to provide advice.

To help with dissemination of the Lead Paint Alliance tools and to make the advice of the Alliance partners more available to countries wishing to establish laws, the Global Environment Facility (GEF) is supporting a Lead Paint Project as part of a SAICM Project on global best practices for emerging chemical policy issues of concern. The SAICM Lead Paint Project is helping the Lead Paint Alliance enhance its current efforts to help countries with lead paint laws through the provision of advice from key experts on lead paint in international organizations (the UN Environment, WHO), legal organizations (the American Bar Association Rule of Law Initiative or ABA-ROLI), environmental NGOs (the International POPs Elimination Network or IPEN), government technical experts (the US Environmental Protection Agency or US EPA), the paint industry (the International Paint and Printing Ink Council or IPPIC) and cleaner production (National Cleaner Production Centers or NCPs in targeted countries). Through the project, country governments will be able to access this expert technical and policy advice from project executing partner organizations to support awareness-

---

<sup>1</sup> Workshop conducted in support of the Global Alliance to Eliminate Lead Paint under the auspices of the “GEF Project on Global best practices on emerging chemicals policy issues of concern under the Strategic Approach to International Chemicals Management (SAICM) - Component 1: Promoting regulatory and voluntary action by government and industry to phase out lead in paint.”

raising, legal drafting and reformulation of paints to enable the elimination of lead paint in their countries.

This workshop provides an overview of the Lead Paint Alliance recommended actions and available advice to support the establishment of lead paint laws in the Latin America and the Caribbean region. The participants include representatives from Latin American and Caribbean environment and health agencies, SAICM Lead Paint Project Executing Partners, and industry and civil society representatives. In preparation for the workshop, national focal points have been sent a planning document called “Guidance for Developing a Country Approach to Eliminate Lead in Paint” along with the workshop invitation. It is meant as a planning tool to help participants consider actions they could take to develop lead paint laws. It is recommended that participants coordinate with relevant ministries and stakeholders prior to the workshop to gather relevant background data and information about lead paint in their countries. This information will help participants identify the type of tools and advice they may need from the Lead Paint Alliance and the project executing partners.

#### **OBJECTIVES:**

The regional workshop aims to:

- Provide participants with an understanding of why the elimination of lead paint is important
- Provide an overview of the goal of the Lead Paint Alliance and how the SAICM Lead Paint project supports this goal.
- Provide participants with an understanding of key actions to eliminate lead paint and advice available through the SAICM Lead Paint Project.
- Enable country participants to exchange ideas about how to eliminate lead paint in the Latin America and the Caribbean Region.
- Identify next steps toward lead paint elimination in specific countries.

#### **OPERATING DETAILS:**

##### **Meeting Co-Facilitators**

- Jordi Pon, UN Environment Latin America and the Caribbean Office
- Ana Boischio, Pan American Health Organization /World Health Organization

##### **Invited participants:**

- Governments: 2 per country (one representative each from the Ministry of Environment, Ministry of Health or select Ministry responsible for lead);
- Civil society organizations;
- Industry: country and regional industry representatives;
- SAICM Lead Paint Project Coordinator: UN Environment Chemicals and Health Branch;
- SAICM Lead Paint Project Executing Partners: UN Environment Regional Offices, WHO, IPEN, ABA-ROLI, US EPA, and IPPIC.
- The Workshop Secretariat is UN Environment Chemicals and Health Branch, WHO Public Health, Environmental, Social and other Determinants of Health, UN Environment Regional Office for Latin America and the Caribbean, Pan American Health Organization

**Working Language:** English and Spanish with simultaneous translation

**DRAFT AGENDA:**

**Day 1**

**Session 1: Opening of the workshop and magnitude of the problem**

- **Objective:** Understand why the elimination of lead paint is important and the need for effective laws (legislation, regulations, or enforceable standards) to eliminate lead in paint and an overview of available advice through the SAICM Lead Paint Project

| Activity  | Time  | Responsible  | Logistics/Documents  |
|---|-------|--|--|
| Registration  | 8:00  | UN Environment Regional Office   | Name tags/ ID  |
| Welcoming Remarks   | 9:00  | Government of Panama<br>UN Environment<br>WHO/PAHO representatives –<br>Alfaro Gerardo, Ana Boischio                   |  |
| Self-Introduction   | 9:30  | Country representatives, private<br>sector, NGOs, Executing Partners   |  |
| Review of workshop<br>Objectives / Overview of Day<br>1;<br><br>Overview of Global Goal to<br>Eliminate Lead Paint<br><br>The SAICM Lead Paint<br>Project and available Advice<br>through the Project | 10:00 | UN Environment – Jordi Pon<br><br>US EPA (Chair of LPA) – Walker<br>Smith<br><br>UNEP – Desiree Narvaez<br>(via skype) | 2018 Update on<br>Global Status of<br>Legal Limits on Lead<br>Paint; Country<br>approach |
| Questions and Answers   | 10:30 | Co-facilitators  |  |
| <i>Coffee Break</i>   | 10:45 |  |  |
| Health, economic and<br>environmental impacts of<br>lead  | 11:15 | WHO – Joanna Tempowski   | WHO and UNEP<br>publications;<br>Summary from<br>Toolkit modules                         |
| Summary of lead paint<br>testing in the region  | 11:30 | Sofía Chavez Casa Cem, Mexico<br>Sherika Whitelocke-Ballingsingh,<br>CARPIN, Jamaica                                   | IPEN Lead Paint<br>Studies   |
| Need for Effective Laws:<br>Overview of Lead Paint Laws<br>in Latin America and the<br>Caribbean<br>Model Law and Guidance to<br>Regulate Lead Paint  | 12:00 | US EPA – Shayna Sellars<br><br>ABA ROLI – Jay Monteverde   | Model Law in<br>English, Spanish,<br>French  |
| Questions and Answers   | 13:00 | Co-facilitators  |  |
| <i>Lunch</i>  | 13:30 |  |  |

## Day 1 (continued)

### Session 2: How to Eliminate Lead Paint – regulatory actions

- **Objective:** Provide participants with an understanding of the how to develop regulatory approaches for elimination of lead paint

| Activity  | Time  | Responsible   | Documents  |
|---|-------|---|--|
| Approaches to regulating lead paint in Latin America and the Caribbean                    | 14:30 | Individual Countries (Brazil, Jamaica, Peru)  | 3 Country presentations based on country approaches                  |
| <i>Coffee Break</i>   | 16:00 |   |  |
| National communication activities to promote lead paint laws<br><br>Role of civil society | 16:30 | PAHO/WHO – Ana Boischio<br><br>Zuleica Nycz, Taxisphera, Brazil<br>Laura Emilce Florez, Altervida, Paraguay | Communication materials: WHO/ILPPW, IPEN materials, Resource Package |
| Questions and Answers   | 17:30 | Co-facilitators   |  |
| Recap of day 1  | 18:00 | WHO – Ana Boischio  |  |

## DAY 2:

### Session 2 (continued): How to Eliminate Lead Paint – regulatory actions

| Activity   | Time  | Responsible  | Documents   |
|--|-------|--|---|
| Overview of day 2  | 9:00  | UN Environment – Jordi Pon   |   |
| Alternatives to lead paint: Approaches for SMEs  | 9:15  | Placido Silva, Colnodo, Colombia<br>Marcos Alegre, Grupo Gea/NCPC Peru | Toolkit for Establishing Laws   |
| Collaboration and cooperation with industry: case studies  | 9:45  | ANAFAPYT – Mónica Alcalá   |   |
| Questions and Answers  | 10:00 | Co-facilitators  |   |
| <i>Coffee Break</i>  | 10:15 |  |   |
| Pulling it all together: Steps to Develop Lead Paint Laws; Available advice through SAICM Lead Paint Project and Mechanism for Provision of Advice | 10:45 | UN Environment – Jordi Pon<br><br>US EPA (LPA Chair) – Walker Smith    | Country approach; discussion questions; Next Steps Template                       |
| Questions and Answers  | 11:15 |  |   |
| <i>Lunch</i>   | 12:00 |  | Selection and training of volunteer discussion group facilitators and rapporteurs |

### Session 3: Successful elements of a lead paint elimination strategy

- **Objective:** Enable country participants to understand approaches to eliminating lead paint and identify next steps toward lead paint elimination in specific countries.

| Activity  | Time  | Responsible   | Documents   |
|---|-------|---|---|
| Overview of discussion group members, goals, Next Steps Template and discussion questions | 13:00 | WHO - Joanna Tempowski                                    | Country approach; discussion questions; Next Steps Template                                     |
| Discussion groups: Discussion of Next Steps   | 13:15 | Countries; group facilitators; rapporteurs                | Country approach; discussion questions; Next Steps Template                                     |
| <i>Coffee Break</i>   | 15:00 |   |   |
| Country representatives get together to discuss their country approach                    | 15:30 | Countries   | National country approach documents   |
| Discussion group presentations of Next Steps  | 16:00 | Countries group facilitators; rapporteurs                 | Next Steps Template; discussion questions   |
| Questions and Answers   | 17:00 | Co-facilitators   |   |
| <i>Break</i>  | 17:30 |   |   |
| Summary of key outcomes and next steps for follow up to workshop                          | 17:45 | UN Environment – Jordi Pon<br><br>PAHO/WHO – Ana Boischio | Remind how countries can access advice; Summary of key outcomes and next steps from the meeting |
| Closing   | 18:00 | UN Environment  |   |
