Beyond 2020 framework instrument

A future free from chemical and waste harm

Future structure
2023+

SCENE SETTING FOR BEYOND 2020

OBJECTIVES AND EXPECTATIONS OF IP4

TIMELESS VISION – to consider beyond 2030

COMMON UNDERSTANDING of the strategic elements required for a new instrument

CREATE a document with a “core” body and annexes - which may be updated later on

CLEAR AND SIMPLE language to communicate our work

AMBITIOUS yet achievable goals agreed and engage a wide but relevant stakeholder community

SCENE SETTING FOR BEYOND 2020

EXPECTATIONS REGARDING THE 'IN-SESSION' WORK

THEMATIC GROUPS to address outstanding issues in addition to informal dialogues

SET OF TARGETS to support clear and communicable strategic objectives

OPERATIONALIZE proposals that have been suggested since we last met

SCOPE OF THE FRAMEWORK – using the targets & indicators to frame the scope specifically for “waste”

REVISE AND EDIT the current text to create a better framework

LINKAGES WITH THE NEW SCIENCE POLICY PANEL – key for Issues of Concern

STAKEHOLDER'S PARTICIPATION AND PARTNERSHIPS

FINANCIAL CONSIDERATIONS – accessibility to funds

SCENE SETTING FOR BEYOND 2020

KEY DELIVERABLES EXPECTED FROM IP4

 Single consolidated document at the end of IP4 for consideration at ICCM 5

 Common understanding of the key work of the new framework and how this will be achieved

 Set of targets which include both aspirational and measurable ones

 Robust means of taking stock of progress including criteria for developing good indicators - although we do not foresee detailed discussions on indicators.

SCENE SETTING FOR BEYOND 2020

EXPECTED BEHAVIOUR

A constructive, co-operative and willing-to compromise mindset

Be creative, find solutions

Enjoy and smile 😊
