XIV. Sustainable Practice in Lifestyle

67. The venue is a certified “Partner of Sustainable Bonn”, an initiative in which several hotels, conference facilities, and event industry businesses participate under the patronage of the Mayor of Bonn. The Bonn Conference Center Management GmbH has drawn up a catalogue of measures to further reduce its energy requirements. More information can be found here: https://www.worldccbonn.com/en/information/sustainability/.

68. Available Complementary catering during the Conference will be vegetarian and vegan only, aimed at reducing emissions and minimizing water waste.

69. The organization of the ICCM5 is based on the governmental guidelines for hosting sustainable events (“Leitfaden für die nachhaltige Organisation von Veranstaltungen”). These guidelines are communicated to all assisting service providers.

70. To reduce the emissions of the journeys, we kindly request that you prioritize train travel instead of planes or cars. Once in Bonn, it is convenient to navigate the city using public transportation, bicycles, or by walking. For guidance on utilizing public transport or
renting a bike, please refer to the transport section provided above.

71. Please consider offsetting the emission from your journey, if possible. The German Presidency will also offset emissions if they have not already been compensated.

72. Please bring a water bottle as there are free water stations installed on the premises.

73. We encourage you to use your travel mug/bottle and utensils during your travel instead of single-use plastic cups and utensils. In Germany, waste sorting is mandatory. You must dispose of your waste in separate bins and containers. Embrace the 3 R's: Reduce, Reuse, Recycle. Prioritize waste reduction by minimizing consumption and choosing reusable alternatives. Whenever possible, reuse items instead of discarding them, and ensure proper recycling of materials that cannot be reused.

74. We recommend minimizing the collection of excessive giveaways and reducing the use of printed documents. All Conference documents will be available online.
