

STRATEGIC APPROACH TO INTERNATIONAL CHEMICALS MANAGEMENT

**IP Co-Chairs Virtual
Briefings on the Process
for Preparing Non-Papers**

13, 14 and 17 July 2023

Objectives of the briefing

- To **clarify** to the participants the process for preparing IP Co-Chairs non-papers to facilitate the achievement of consensus at the resumed Fourth meeting of the intersessional process considering the Strategic Approach and sound management of chemicals and waste beyond 2020 to be held in Bonn, Germany from 23 to 24 September 2023,;
- To **give an opportunity** to indicate outstanding sticking points for participants.

Briefings are organized for each of the five UN regions and are open to all stakeholders.

Proposed way forward

- The ICCM5 Bureau agreed that the Co-Chairs, along with Co-facilitators and the Secretariat, would develop non-papers, **inter alia on targets, finance, and capacity building**, which were recognized as the areas needing the most attention.
- Non-papers are based on the IP4.2 consolidated document, which continues to serve as the basis of discussions at the resumed IP4 meeting.
- **The aim** of these documents is not to bring substantive changes to the original intent of the text. Instead, they serve as tools to enhance the existing text by:
 - removing repetition,
 - streamlining the narrative,
 - identifying areas where strategic options might deliver the greatest impact, and
 - consider whether the current targets framework will achieve the strategic objectives and vision.
- Non-papers are designed to **facilitate the achievement of consensus at IP4.3** by offering a clear and concise understanding of the context, while refining the existing text for improved comprehension and effectiveness.

Timeline

Consultations ahead of IP4.3 and ICCM5

13, 14 and 17 July 2023

IP Co-Chairs virtual briefings
on the process for preparing
non-papers

Early September 2023

IP Co-Chairs virtual briefings to
present non papers

21-22 September 2023

In person Regional meetings,
Germany
