

Webinar on 'Learning from other UN frameworks for SAICM beyond 2020 indicators'

Purpose of the webinar

To further the development of the SAICM beyond 2020 (SB2020) framework by providing the stakeholder community for this process with:

- a) a brief overview of progress so far in defining targets and indicators to measure the targets, and outstanding issues for this,
- b) some relevant examples and lessons from other UN process to develop frameworks with reporting and monitoring mechanisms, including the roles and development of indicators,
- c) a short opportunity to share their lessons and ideas from the presentations on ways to strengthen the design of the SB2020 framework.

Date: Tuesday 23rd March 2021 on Zoom

Early session (09:00-10:30 GMT), with simultaneous interpretation to French

Late session (16:00-17:30 GMT), with simultaneous interpretation to Spanish

Webinar sessions

Topic	Presenter	Duration (mins)
Introduction to the purpose, agenda and operation of the webinar	Philip Bubb UNEP-WCMC + Laura Mack	5
SAICM Secretariat considerations on reporting mechanisms and indicators for the SB2020	Brenda Koekkoek &/or Delfina Cuglievan (am & pm)	10
